

AKER[®]

ON DUTY . . . OFF DUTY™

Comfort. Quality. Affordability.

Keeping these concepts in mind, the research and development team at AKER has developed the **Comfort-Flex PRO**, the latest version of our popular Comfort-Flex II.

The **Comfort-Flex PRO** features genuine sheepskin and ventilated surgical grade elastic that allows for air flow without sacrificing durability. Its lightweight design gives the wearer increased mobility thanks to the softer elastic edge.

You can feel secure and comfortable with the new **Comfort-Flex PRO** from AKER.

Currently available for these weapons:
